CASE STUDY

Built a headless Shopify storefront for a premium household brand.

Here's how it came together -->

adina household

Let us guide you in the art of living — we bring
ambience to your home with objects that inspire.

THE STORE

Three collections. Editorial design.

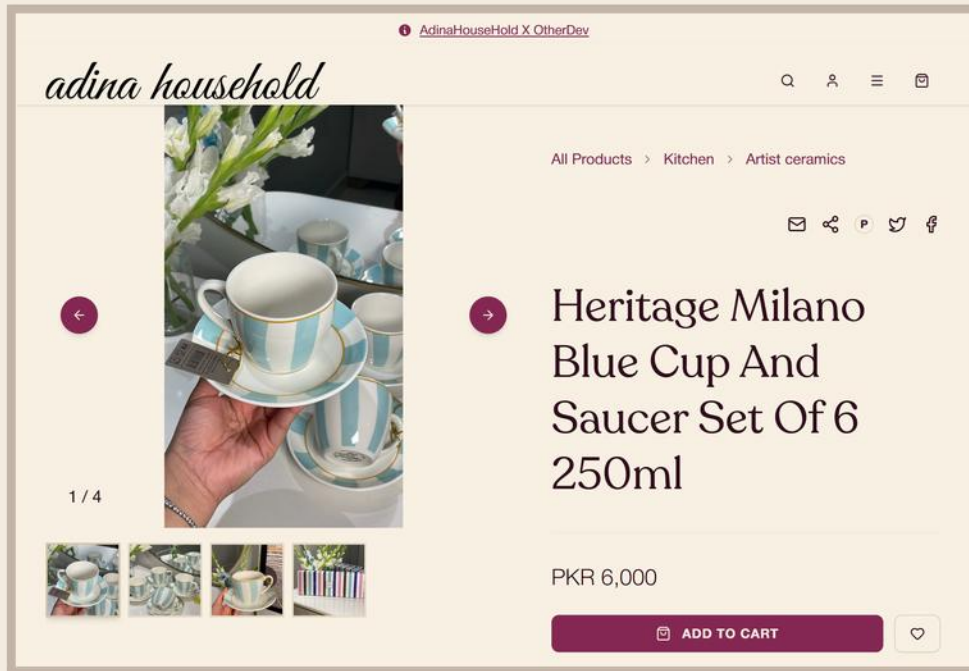

Ceramics. Tableware. Drinkware -- no Liquid templates. Fully custom with shadcn/ui.

PRODUCTS

Live inventory. Real PKR pricing.

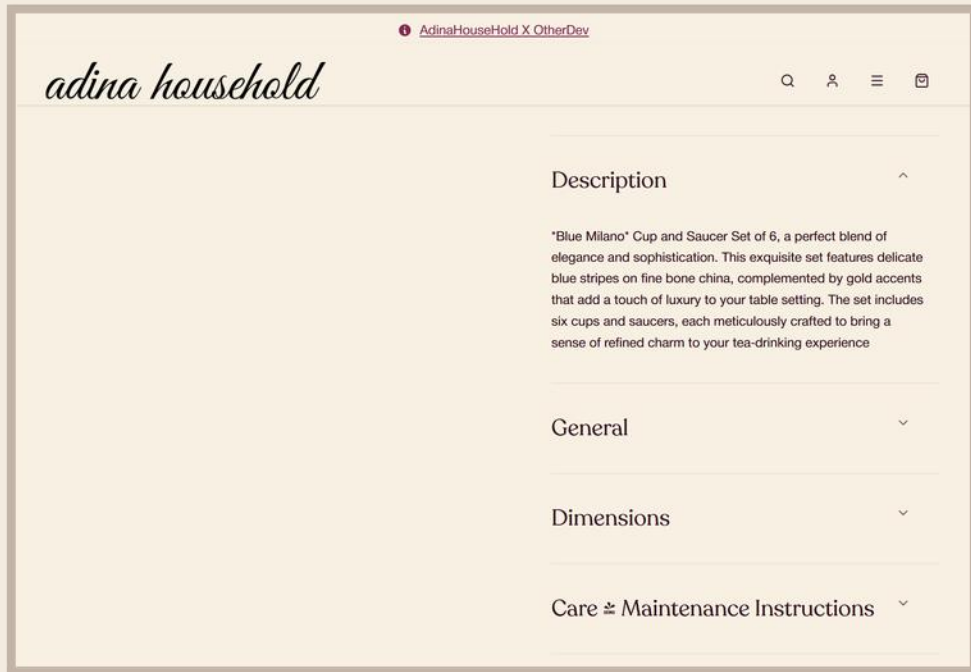

Add to cart, sold-out states, variant selection. The full e-commerce loop in production.

PRODUCT PAGES

PDPs built to actually sell.

Multi-image gallery. Breadcrumbs. Wishlist. Optimistic cart UI.

DETAIL

The parts nobody designs -- but every buyer reads.

Description. Dimensions. Care instructions. Collapsible, clean, all there.
